Ngong Ping 360 to carry out scheduled maintenance on 4 to 10 July 2016

(Hong Kong , 17 June 2016) Ngong Ping 360 invests many resources in the maintenance of its cable car system. We thus have a maintenance schedule planned for the year to ensure that the system operates in an optimal state. The cable car service will be closed temporarily for scheduled maintenance on 4 to 10 July 2016 (both dates inclusive).

HKID cardholders whose birthdays fall during the maintenance period will be able to redeem their free birthday cable car rides on any other day in July 2016. Ngong Ping Village, Stage 360, Motion 360 and Walking with Buddha will remain open during the period. Guests will be able to either purchase our special coach packages at the Tung Chung Cable Car Terminal or take other transportation to Ngong Ping Village.

Ngong Ping 360 will inform the public about the service suspension through notices on its website and at 14 MTR stations, including signs on the Tung Chung line and interchange stations, broadcasts at stations on the MTR Tung Chung line and notices at Tat Tung Road, Mei Tung Street and the Tung Chung Cable Car Terminal.

Besides, please refer to the timetable below for the planned scheduled maintenance days in the second half of 2016. (Subject to revision as per the details on the work content and logistics arrangement. The schedule details given in the press releases published prior to the planned maintenance days shall prevail.)
